**May Yara:** Hello! My name is May. I'm twenty-four years old. I'm Adarian and I'm studying currently as in MBA student within Isık University. I would like to speak for my own personal experience with this university as now junior student. On behalf of my studies in here everything related to the business that I'am working at right now as a digital marketing and business plan administrator. What I'm studying in my courses everything has been directly interrelated and I'm very thankful for them. The teachers and the everything within the administration is amazing for me and I would highly recommend to every foreign that's willing to coming to Turkey definitely Isık University. Thank you.
